

Sign the Pledge!

Watch out for our full page advertisement on p.11 of the EDP this Saturday 27th January exposing the scandal of unnecessary new housing allocations destroying our precious Norfolk countryside.

We are also asking everyone to sign up to support our campaign demanding that no new housing allocations are assigned until the existing ones have been built out. There is already a 20 year land supply for planned housing in place so just landbanking more makes no sense and is hugely damaging to the environment.

ANYONE can sign - councillors, MPs, individuals, organisations - over a quarter of Norfolk's parish councils have already signed the Pledge in paper form so add your voice to theirs and let's make a difference.

Please read, sign and share our most important campaign to date

<https://www.change.org/p/breckland-district-council-protect-norfolk-s-precious-countryside>.

Thank you

CPRE Norfolk
