

Email received 13.03.19

Norfolk County Council is reviewing a number of bus services which are operated under contract to the council, including some in your area.

Attached are copies of the documents which are being displayed on the services over the next few weeks, each worksheet largely covers a different service or area and includes proposed timetables.

The flexibuses are currently a pre book travel option; part of the proposal is timetabling some routes where past usage has been higher, and to remain pre book in areas which lightly use the service.

The 10a service from East Harling to Norwich is likely to remain largely the same, however, we will explore options of a Saturday service which may replace the current Saturday service to Diss.

I am aware there is a lot of information contained within the attachments which is not all relevant to your area of responsibility, however, equally there are a number of services that serve the same area.

Please feel free to share and discuss within the parish/s. If you require any further information, or clarification on any of the proposals, please do not hesitate to contact me.
