- *Weybourne Village Hall, Beach Lane, Weybourne, Holt, NR25 7AH  
on 2<sup>nd</sup> April 2020*

As the operator of these offshore wind farms, Equinor is intending to seek planning consent from the Planning Inspectorate to extend both the Dudgeon and Sheringham Shoal Offshore Wind Farms.

Both wind farms are located in the waters of the Greater Wash off the coast of Norfolk, and they currently generate sufficient electricity to power around 630,000 UK homes.

These events aim to provide Norfolk communities with the opportunity to learn more about the scope of these important offshore wind farm extensions, and to understand the planning application and consent process for these national infrastructure projects.

***Members of the Equinor project team  
will be on hand at each event from  
1:00 – 7:00pm, please call in.***
